Gamma zone Monitor	-----	Rs. 1500/-

5. **GST Tax @ 18% extra on above charges**

6. **Terms & Conditions (Overleaf)**

NOTE:

1) Our GST NO: 36AAACN8054G1ZG

2) If the equipment requires any repairs apart from the calibration, a separate quotation will be sent after receipt and inspection of equipment at our works.

3) It is always advised to send the equipment to OEM (Original Equipment Manufacturer) so that any issues relating to repairs, adjustments and calibration including preventive Maintenance checks are done properly. As now we are an NABL Accredited Lab, there is no need to sent your meter to other labs for calibration.

4) Now to facilitate you, we have launched “Servicing and Calibration Window” in the website. To know the status of your job. You can go to our website & Click on “Services” Button & again on “Repair/Calibration Status Button”, to know the current status of your job. We are sure that, this will help in knowing instantly on the job status which we will be updating weekly twice.

5) Equipment received will be calibrated at our Radiation Standards and Calibration Lab facility which has been standardized by RSSD, BARC.
